Secure Collaboration

OpenText™ Enterprise Messaging provides
secure email, instant messaging, scheduling,
contact management, and task management,
all with mobile synchronization.

File Sharing

OpenText™ Filr Advanced allows users to simul-
WDQHRXVGRMOODEHRUGOLWWDQGVHH
each other's changes in real time. Users love
it because it makes collaboration effortless,
and administrators love it because they have
total control to restrict copy/paste, watermark
content with user's email addresses, and keep
users from downloading sensitive data from
the Filr repository while stilling allowing them
to access and edit.

Complete and Compliant Archiving

Enterprise Messaging enables you to have com-
plete oversight and visibility of your messaging
systand outbound protection, antivirus, anti-spam,
cybercrime protection, DDOS protection, and
porn blocking with built-in image analysis.
Enterprise Messaging uses the latest technol-
ogy to keep your messaging system protected,

Secure Instant Messaging

Communicate in real time with your co-work-
ers through Enterprise Messaging. Employees
can collaborate wherever they are, regard-
less of workstation or device. It also provides
presence indicators to show when users are
online, busy, or away from their desks. Built-in
archiving can automatically save important
conversations for future reference too. Instant
messaging gives you real-time access to your
colleagues so you can make decisions and ad-

you can access email or the archive from any
web-enabled device for ultimate mobility.

Disaster Recovery

Enterprise Messaging ensures that your mes-
saging system is always ready to go. Enterprise
