OpenText Advisory Services bring your business objectives and priorities into focus as an IM vision.

The vision underpins a value realization framework – including a business solutions roadmap and a value measurement regime based on your business KPIs that allow you to evaluate the value delivered by IM initiatives to your business.

Informed by the IM vision, OpenText prepares a dynamic roadmap describing IM initiatives with timelines, tangible outcomes, and predictive business value.

Value realization measures – business KPIs identified in consultation with your team – provide a feedback mechanism for ongoing refinement of the roadmap.
