Go live faster with new functionality

The Core Share for SAP FasTrak follows a proven methodology to help customers go live rapidly. OpenText consultants will not only connect Extended ECM for SAP to the Core Share SaaS application, but also review your existing Extended ECM for SAP architecture to ensure everything is in place to support your end users with all the newest functionality.

Manage the compliance of sharing documents

The OpenText project team will help you establish a compliance framework for sharing documents. This begins with configuring sharable workspace types, document types, users and groups. The introduction of approval workflows for new shares en...

opentext™

Buy with confidence from the product vendor of Extended ECM and Core Share

Benefit from OpenText's experience, expertise and innovative problem solving when implementing Extended ECM for SAP Solutions. As the product vendor, OpenText delivers as one team.
